SURE-SENSE®

Thawing Cabinets

HTPS2HC-1S

HTPS1WHC-1S

Designed specifically to help restaurant chains improve operational consistency across locations

Supports food safety compliance by maintaining product temperatures below 40°F throughout thawing

Helps standardize thawing procedures systemwide for multi-unit operators

Reduces labor dependency with automated thaw cycle operation

Uses controlled thawing from start to finish to avoid product overheating

Helps kitchens improve prep scheduling and respond more effectively to peak demand

Streamlines overnight production with faster, reliable thawing performance

Automatically detects temperature drops and initiates the thaw cycle without manual programming

Transitions automatically into refrigeration mode once thawing is complete

Allows operators to add frozen product while already-thawed product is safely held

Built for long-term reliability with accessible service panels, quick-connect connections, and off-the-shelf components for simplified maintenance

SURE-SENSE®

THAWING CABINETS

1 AND 2 SECTION MODELS AVAILABLE

SURE-SENSE.

THAWING CABINETS

MAINTAINS PRODUCT TEMPERATURES OF 36-39°F.

SECTIONS	MODEL #	DOOR TYPE	DOORS	WIDTH	DEPTH	HEIGHT	VOLTS	HP	AMPS	CUBIC FEET
1 WIDE SECTION	HTPS1WHC-1S	SOLID	1	35	33.88	79.75	115	1/4	13.9	22.49
2 SECTIONS	HTPS2HC-1S	SOLID	2	52	33.88	79.75	115	1/4 x2	13.9	42.10

Depth measurement includes handles. For total height, add 3 or 6 inches, based on your mounting choice.

SURE-SENSE™ Smart Thawing Technology

is designed to minimize operator interaction. Simply load frozen product into the cabinet. The system automatically detects the temperature drop and begins the thaw cycle – no programming, monitoring, or product probes required.

High-Performance Airflow:

Unlike traditional rapid thawing methods that can overheat products before cooling them back down, Sure-Sense maintains controlled thawing conditions from start to finish – all while maintaining food-safe temperatures.

EXTERIOR FINISHES

- Stainless steel front and sides

INTERIOR FINISHES

- Stainless steel

AVAILABLE OPTIONS

- Stainless steel breaker

MOUNTING OPTIONS

- 6" casters (standard)
- 6" legs seismic/flanged
- 3" casters

AGENCY CERTIFICATIONS

SSTCIP-20260518
